Hi Blair,

I just wanted to follow up with you regarding my previous email to see if you might be able to provide us a letter of support for our grant application by Friday.

Best,

Hi Blair,

I was given your information by Valerie Watson. I work with her here in the Active Transportation Division. LADOT is in the process of compiling an application to the People For Bikes' newest initiative: [The Big Jump](#). We'd like the focus area of the application to be for us to capitalize on our efforts downtown.

We were wondering if you wouldn't mind helping us out by providing a letter of support for the application. I've attached a template to help expedite the process. Please feel free to edit as you see fit.

I apologize for the short turn around, but would love to get this back **by 10/27 Thursday COB** to make the application deadline, which is this Friday.

Please let me know if you have any questions.

Thank you so much!
